

Dear Twenty-Five Year Club Member,

I'm delighted to recognize Commercial Systems Group for the longstanding commitment you have made to our business. I sincerely believe your contribution cannot be overstated. The continuity of your years of service is what sustains us as a formidable presence in the alarm and detection business. This notion of permanence – of legacy – also provides the momentum that drives us forward.

Thank you for your unwavering support of our business over the decades, and for your commitment – not only to our products – but also to our people. We are truly proud to have you as part of our distribution organization.

With sincere congratulations,

Kurt Bailey
